

The Brand New restyled and stylish

# Flower Fan

NEW  
DESIGN  
2023

Il ventilatore HVLS removibile **Flower Fan** è il ventilatore da esterni “di design” sviluppato da **EVEL srl**.

Studiato per garantire **comfort** in ambienti esterni **riduce drasticamente la sensazione di caldo umido** ed **elimina insetti fastidiosi** (zanzare, mosche, ecc.).

The **Flower Fan** removable HVLS fan is the **stylish product** developed by **EVEL srl**.

Designed to ensure **comfort** in outdoor environments, it **drastically reduces the sensation of humid heat** and **eliminates annoying insects** (mosquitoes, flies, etc.).

— Metallo / Metal

— Legno / Wood

— Cemento / Concrete

Il nuovissimo ed **accattivante design**, nonché i **materiali** utilizzati, lo rendono allo stesso tempo un prodotto utilissimo ed un complemento per l'outdoor solution, garantendo **bassi consumi** grazie alla **tecnologia brushless direct-drive con inverter built-in**.

The brand new and **attractive design**, as well as the **materials** used, make it at the same time a very useful product and a complement for the outdoor solution, ensuring **low consumption** thanks to the **brushless direct-drive technology with built-in inverter**.

Luce LED / LED Light

### FF3000

Diametro disponibile: Ø 3 m  
Diameters available: 3 meters

Altezza: 3,00 metri  
Height: 3,00 meters

Alimentazione: 200-480V Trifase 50/60 Hz  
Power Supply: 200-480V three-phase 50/60 Hz

Consumo Massimo: 0,55 Kw  
Maximum Consumption: 0,55 Kw

### FF4000

Diametro disponibile: Ø 4 m  
Diameters available: 4 meters

Altezza: 4,00 metri  
Height: 4,00 meters

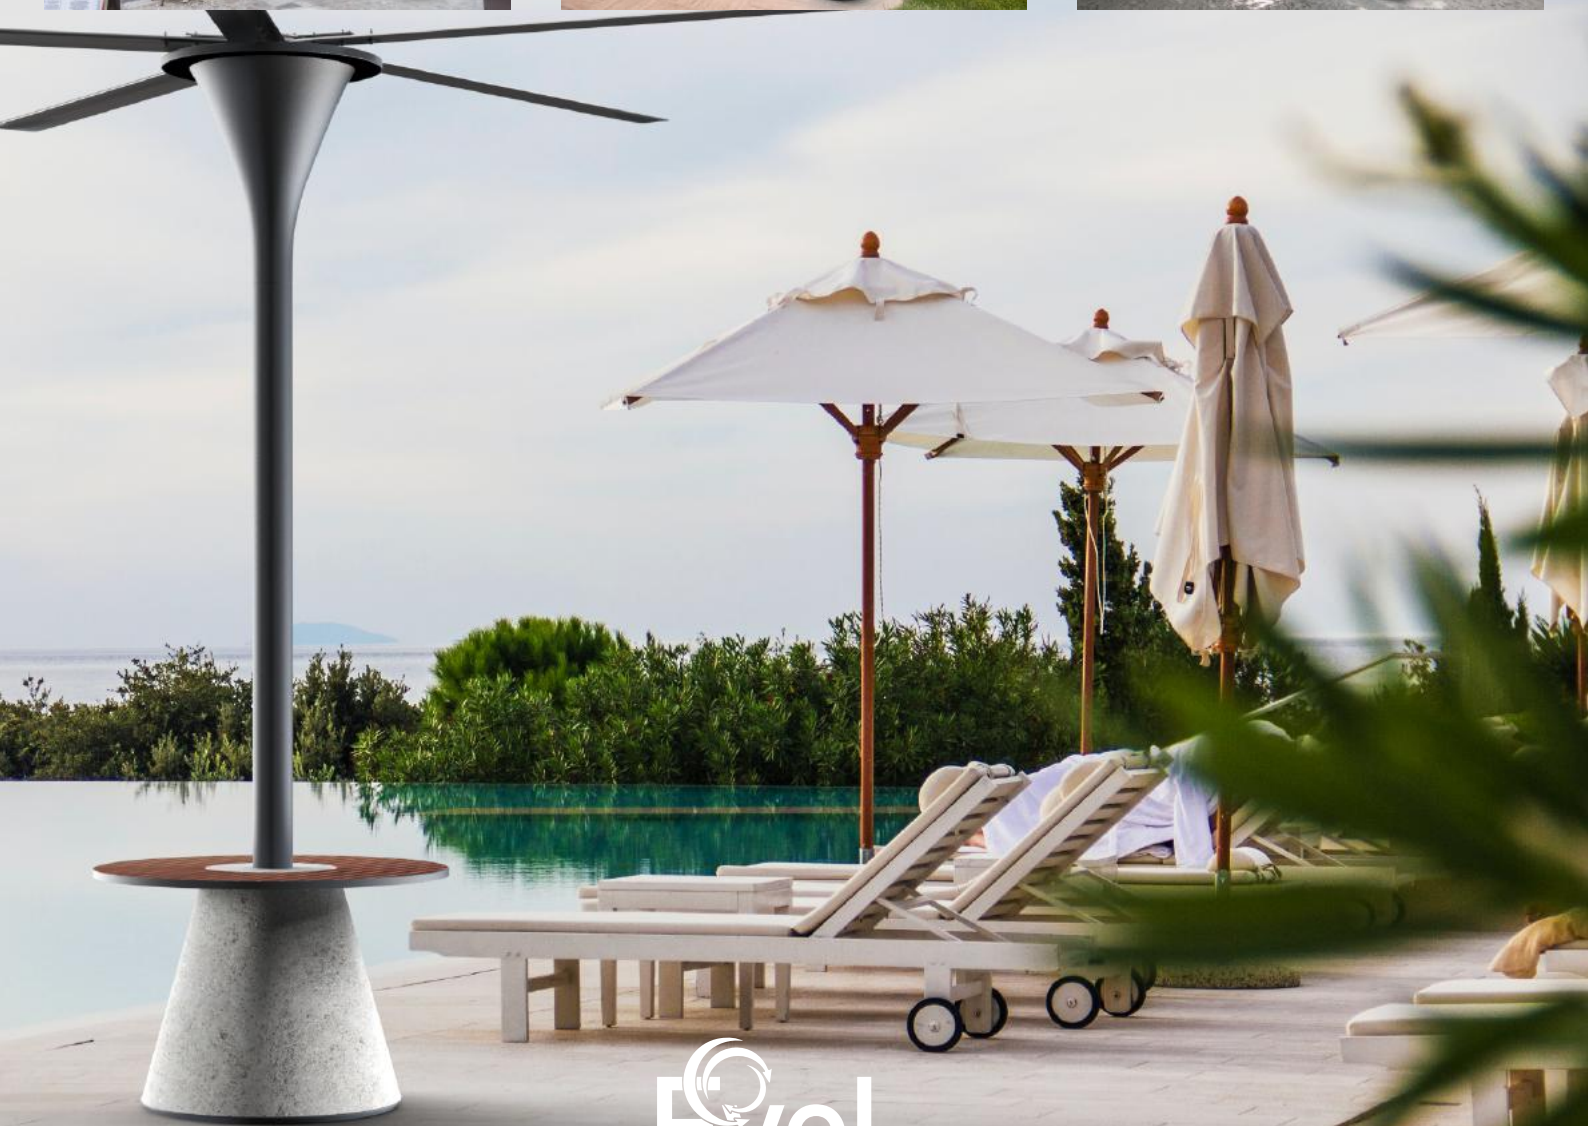

Alimentazione: 200-480V Trifase 50/60 Hz  
Power Supply: 200-480V three-phase 50/60 Hz

Consumo Massimo: 0,843 Kw  
Maximum Consumption: 0,843 Kw
